Farm/Home Diagram

Use this diagram to compare farm life with your home life. Write the things that are different on each side, and the things that are the same in the center.

Questions you could ask…
- How is the barn like our house? How are they different?
- How are you different than a cow? How are you the same?
- How is a home like a farm? How are they different?

Thank you for coming on the DELL-D Prairie Farm Field Trip!

This book has activities that you and your child can do together at home related to your farm adventure! Your child will learn about letters, numbers, and speaking.

We hope you had a great time!
How I got to Prairie Farm...
Have your child draw a picture and ask questions about the drawing. Write down the answers to questions, such as "What did you see on the way?", to show them how words represent ideas.

Match the animal to the word.
Say the word and have your child find the animal. Draw a line connecting the name to the animal.

Cow
Horse
Goat
Pig
Duck
My Favorite Animal

Ask your child to draw his or her favorite animal from the farm. To teach new words, ask your child to describe why this is his or her favorite animal. Help come up with new words to describe the animal!

How many legs does each farm animal have?

RABBIT _______ ROOSTER______

Talk about the difference between letters and numbers to your child! (Letters write words; Numbers count)

COW _______ DUCK _______
Write down all the words you and your child can think of that rhyme with each word!

Write down words that begin with the same sound as each animal. Example: rabbit: race, roll

COW  PIG

DOG  SHEEP

HEN  LLAMA

PIG

HORSE

DUCK

CAT

Talk to your child about what a rhyme is!
(Words with the same ending sound, like ‘bug’ and ‘mug’)

Talk to your child about what a rhyme is!
